# I AM

lightful songs  
dr zodiak ram - 1999-2020

### Jetzt ist die Zeit

Es ist vollbracht. Der Schleier der Dunkelheit hebt sich. Das Licht bricht durch.

Auf der Suche nach dem Sinn des Lebens bin ich über mich Selbst gestolpert und entdecke, dass ich von nichts getrennt bin. Meine Lieder sind Bilder und Ausdruck meiner Reise hier auf der Erde. Sie haben mir immer wieder geholfen, an mich und meine Erkenntnisse zu glauben und meiner Wahrheit treu zu bleiben.

Jetzt, am Ende der Zeit hier auf der Erde, wo die Liebe wieder erblüht und die Menschheit und die Erde in ihren schönsten Farben erstrahlen lässt, ist diese Sammlung meiner liebsten Lieder mein Beitrag.

Mögen sie auch Dir helfen im Hier und Jetzt der Ewigkeit, ganz Da zu sein und so viel Freude und Liebe zu empfinden an dir Selbst wie nur möglich.

Danke, das ist Alles . . .

Lieber Gruss

### Now is the time

It is done. The veil of darkness lifts. The light breaks through.

In search of the meaning of life, I stumbled upon myself and discovered that I am not separated from anything. My songs are images and expression of my journey here on earth. They have always helped me to believe in myself and my insights and to remain true to my truth.

Now, at the end of time here on earth, where love blossoms again and lets mankind and the earth shine in its most beautiful colors, this collection of my favorite songs is my contribution.

May they also help you in the here and now of eternity to be completely here and to feel as much joy and love for yourself as possible.

Thank you, that's all . . .

Dear greeting

## 01. Listen to the story (My Body is the church)

Listen to the story, which this world wants to tell  
And find out what is your truth

Everywhere you're going, the way is plastered well  
With an information to program your mind

Many forces out there, wants you to believe  
That this and that is the right thing for you

I find it much important now, no matter what you receive  
That you are the truth of your life

My body is the church, and I am the soul  
Keep in mind, that Love is the origin and the goal

That the world still lies to you, has the reason that we learn  
To find the entire truth inside ourselves

Why should a women or a men, a starchild born on earth  
Be defined by things you hear or you see

Be aware that out there in the time, are some they work with lies  
That you never find out, someone owns your life

My child belongs to me, one day you will be dead  
You have to work, and it always has been like this... - are lies

It takes a long time to achieve peace, Life is hard, you are separated  
From God, are things they want you to believe, but... - these are lies

My body is the church, and I am the soul  
Keep in mind, that Love is the origin and the goal

## 02. NowTime

This is the time to get a level higher  
Time to get together with all my friends  
The invitation for this mega party  
Has been sent out long time ago

The way is long and it's getting harder  
It's not easy to stay in peace  
Peace is love in any condition  
This is not the aim, peace is the way

The spiral of life elevates us to the space  
To the room where this shining party goes on  
The room is called, this was clear before  
Love and peace, right here and now

We have the right to live in peace on earth  
Although powerful gods and tricky men  
Want a fearful world goes down in flame  
But truth is light has no shade

### **03. This is the key**

The boundary stone at the way out there  
On the journey of the life aiming at nowhere  
    Scares the small men, leaving his known land  
Driven by beliefs he gained in the past  
Competent moulted and pressed in a cast  
    Guided by wishes, he needs what he misses

Your beliefs and thinking are turning all around  
What you reach out there, what will be found  
When you're reaching there  
You reach what you're hoping  
You hope what you're knowing  
You get what you're hoping

Following the river, with the aim to reach  
If not at the source, then at least at the beach  
    Hopefully before dying, on what you are relying  
Struggling hard to be someone  
Trying to find out what you want to become  
    Instead of just being, you are what you're seeing

Your beliefs and thinking are turning all around.....

Balancing and movement is the law in here  
That's why the free life truly reappears  
Not only tomorrow, is there something you don't know  
Freedom of thinking without fear is vast  
The eternal now includes future and past  
Just the presence allays me; I think this is the key

Your beliefs and thinking are turning all around.....  
Just the presence saturates me; I think this is the key

### **04. I have the feeling**

I have the feeling

I've got the feeling I am  
I have the feeling I am, I am live on earth  
I have the feeling I am love  
I have the feeling I am, I am the truth I am the way  
The dream I dream to night, of loving Peace  
Of living Love on earth, the dream I dream is real

I have the feeling every breath I take  
I have the feeling every step I make  
I have the feeling I am a child of god  
I have the feeling I am the son of the Allone and the Earth  
The dream I dream tonight, of loving Peace  
Of living love on earth, the dream I dream is real

## 05. Pull out the nails now

Pull out the nails now  
Pull out the nails now – let the wounds be healed

Pull out the nails now – let the wounds be healed  
Now let the life – let your love flow free

Pull out the nails now – Spread your love and let grow the grain  
Spread your arms and let flow your love  
Put it up high – put it up high  
Let it shine – let it shine your light  
Keep on moving – keep on singing  
To the living hymn again  
Playing, dancing, growing, blooming  
As I am, the one I am

Pull out the nails now – spread your love and burn the pain  
- The All-One God is the frame  
Come on now, make me understanding  
What “I am” means and how far your glance reaches  
Aum, let it shine my heart

Put it up high – put it up high  
Let it shine – let it shine your light  
Keep on moving – keep on singing  
To the living hymn again  
Playing, dancing, growing, blooming  
In Love for freedom an inner peace

Aum, let it shine my heart  
Yes please, hear my call  
Reveal heaven for heard and eye – on earth and sky  
Aum, let it shine my heart

## 06. Mystifying world

Mystifying, mystifying what's going on in my head  
A peaceful living, a peaceful living - that's what I want instead  
I tried hard not to sin - but there's no war to win

No pure space to find - even in my own mind

My desire for pureness burns like fire  
- Desire for pureness burns like fire

Mystifying, mystifying, what happens here an earth  
Always dying, always dying, just for a new birth  
There am moments I can feel  
We are trapped on the destiny wheel, sometimes up and sometimes down  
I feel like a cheated clown

That can't be it, dammed shit  
- No, that can't be it, dammed shit

Mystifying, mystifying, I feel the end is near  
The final rising, the final rising, makes it for us clear  
We are all together one - just remember to leave this run  
Soon we are pure and free - Open up your heart and see

We all have a same dream - we all live a same dream  
We want to be loved and have always been  
- We want to be loved and have always been

## 07. Lilith

Oh Lilith, Aum Lilith  
Please show me what it means  
- When you rise along my spine  
Oh Lilith, Oh Lilith, Oh Lilith, Oh Lilith, Aum Lilith  
Please show me and shake us till we realize

Yes what life means and I've done with it  
With our power without knowing what I create  
When I project all my problems onto all the other ones  
Which I separate - in good and bad

Oh Lilith, Oh Lilith, Oh Lilith, Oh Lilith, Aum Lilith  
Please show me what it means  
- When you rise along my spine  
Oh Lilith - Om Lilith  
Yes finally I want to know, who I am and why I live  
Aum Lilith please, tell me since how long  
Does life exist and are we turning around our sun  
Please, I want to know, why are we always growing  
And how long do we have to creep still in the dust  
I want to understand why mankind doesn't get  
To live in peace with freedom in our mind and our heart  
And tell me how it comes, that moon lights our night  
Sometimes dark and sometimes bright

And what life means and we've done with it  
With our power, without knowing, what we create  
When we project all our problems onto all the other ones  
Which we separate in good and bad

Oh Lilith, Oh Lilith, Oh Lilith, Oh Lilith, Aum Lilith

Please show me what it means  
- When you rise along my spine  
Oh Lilith - Aum Lilith  
Please show me and awake me  
That I realize

Yes what life means and I do with it  
With my power exactly knowing, what I create  
When I look at all my problems to solve them now  
I see how beautiful  
- Life is

## 08. Come home

I say remember now  
Life is simply all the times  
Growing children sailing down  
From death to birth  
Here now watch you grow  
Look through, light your shadow  
Be aware of  
Never ending care

Sometimes walking  
Searching all alone  
The way back home again  
I lose no time to hide yourself  
Behind the mask of a fake killing smile  
Just to please my mom

Come on now let's go the way  
Bad and good dos just exist  
As different faces  
Of the same coin  
The secreted dream inside the heart  
Calls clear with this loud voice  
Come on home  
Live your live

Sometimes walking  
Searching all ...  
.....just to please your friend

Aum yeah, I see clear again  
The narrow way is full of light  
Eternal real  
And made of love  
Yeah please lead me through  
Through the darkness to the light  
Open up my ear and eye  
Open up my heart

Sometimes walking  
Searching....  
.... Just please the heart

Now yeah, I'm free again

Coming down on eagles wings  
And rooted like  
A giant tree  
As the I fearless cross the death  
The soul finds its counter piece  
The Body is nothing  
But light

Sometimes walking  
Searching....  
....  
I just please the allone love

## 09. The rainbow man I am

I lived my live in a mind created world  
Programmed to be a good sheep in the dependent herd  
Fear produced wishes maintain economy  
Inside I feel the one comes to make an end to slavery  
This light guides me gentle the narrow way to master all my fear  
Good old fried death finally gets me fully sincere

Stolen time through poisoned words holds sleeping the soul  
Growing, mowing, joyful live without fear is the goal  
Doubtful steps towards a hopeless future from a painful past  
But here and now is the spring of live and peace that lasts  
In the Christ and Buddha mood the energy flows for free  
I am a rainbow man alive, just here to be

The goal for me is to be alive the rainbow men I am.....

## 10. Dancing in time

Last week I was walking down the road  
And I met an old friend of mine.  
"Hello, how are you?" I asked him.  
And he told me, "Oh, I am not so well these days.  
I lost everything I had, I lost my wife, I lost my job,  
I lost my house, and I even lost my dream

Do you remember the days?  
When we were dreaming the space  
To lose ourselves to fall in Love with Life  
    Do you still know about or dream?  
    To open up all the unseen  
    And travelling down in time on wings of Love

Yes, you knew it won't be easy  
In the density to be  
But now remember – we are dancing in time

Can you still hear the melody?  
That teaches us what all can be  
Listening to this wonderful sound called Life  
    Are you still able to dance?

To move, to jump over the fence  
Finding your way in the infinity of space

Yes you knew it won't be easy.....

Do you agree that you and me?  
Yes, that the things we see,  
Are all a part and one within the Unity?  
Are you aware of yourself, now?  
And that the place, where you are  
Exactly the place is, where you want to be

Yes you knew it won't be easy.....

## 11. Heyah-Heyah

I was walking through a wood near a lake in the mountain  
The moonshine lights the scene and I'm looking around  
The air is quiet and the breath refreshing

Some big proud dears are standing near the lake  
I see the peace of nature in the sparkling water  
This keeps me alive and I know where I'm going

I pass a small hill and see a rich little valley  
Where some friends of mine with long black hair  
Sitting around a small fire and are singing

They are singing for the world with peace in their hearts  
They want love and brotherhood under all beings  
They're helping us to understand the spirit

They're singing:  
Heyah-Heyah, Heyah-Heyah  
Heyah-Heyah, Heyah-Heyah  
Heyah-Heyah, Heyah-Heyah

## 12. Adam & Eve

When Adam and Eve fall in Love some day  
The problems here on earth will be solved  
This doubtful time in fear and pain  
Will be nothing more than a forgotten time  
When Adam and Eve are falling in Love

When Adam and Eve fall in Love again  
The doors on heaven open here on earth  
Good and bad, life and death are all one  
In the Allone reality  
When Adam and Eve are falling in Love again

## 13. Feet on the ground

I am walking - with my feet on the ground  
I am walking - with my head above the clouds  
I am walking - down here on earth  
I am walking down here - with an open heart  
And I am gonna see, that's always meant to be

Walking down the road let me sing  
In the night of the sits  
I get around with all my feeling  
I have to face the demons in the part of my soul  
I can't see  
Walking, running, sliding, making my way  
Through the world of my expression  
Anyway I get there, anyway I am there

I am walking - with my feet on the ground  
I am walking - with my head above the clouds  
I am walking - down here on earth  
I am walking down here - with an open heart  
And I am gonna see, that's always meant to be

## 14. Child in Time

Come on sweet child of time  
Open up your heart  
Let your love shine  
Make a new start  
Come on now let's be wild  
We're dancing like a child  
In the warm summer rain of love

Let your love flow  
Leave this world of fear  
We're like rainbows  
And spread the light down here  
Come on now let's be wild  
We're dancing like a child  
In the warm summer rain of love

I just want to love ....  
I want to love wild  
Love like a child  
In the warm summer rain of love

Please help to heal this world  
That's our second birth  
I want to go home  
I'm tired to feel alone  
The parents are smiling mild  
We're dancing as there child  
In the warm summer rain of love
