### 1. Free as a Bird (3.22)

I let you free, to love who you want to  
 Open your heart, free your love for me  
 Free yourself, let you flow let it go  
 I'm tired to wait, what do you wait for

It's time for a change now; it's time for a change  
 Use your word, be free as this bird  
 It's time for a change; it's time for a change  
 Come and tell me, you're free as a bird

Talking of free Love is loud less preaching  
As long as your heart is stocked in pain  
I pray for healing, the tear in your sad eye  
For the flow of living water, I tempt you to night

It's time for a change...

Let catch us the wave, in the living water  
The journey of life, leads us to the light  
My love for you teaches me where joy is  
All is inside, let's spread out the light

It's time for a change....

## 2. Come Close (4.02)

Come close and hold me, please let me be free  
I want to hold you, let's be free tonight  
Come close and hold me tight.  
I want to share my life with you,  
I want to feel you, as deep as I feel you in my heart  
I want to hold you

The flow of Love leads me to you  
This flow of Love brings me home to you  
Let me find out who you are  
Find out - who I am

----- Come close and hold me -----

Come close - come close to me  
Show me who you are, I want to show myself  
Let's be honest in our Love,  
I want to walk with you  
In freedom on our way  
I want to grow with you  
Out of the darkness into light  
I want to be with you

The flow of Love leads me to you.....

You are the goddess of my heart  
Come close I hold you - with my LOVE  
Come close and hold me - with your LOVE

Let's find bottom in our live - in our LOVE  
Come close I hold you - with LOVE

### 3. At the horizon (5.01)

At the horizon, a new day is rising  
It is the light in the heart  
In shadows we're diving the new day's arriving  
To throw light in the dark

Life is arising  
On Earth, in you and me  
Free will and Joy  
Are dreaming for healing

A new man - a new woman - the child I see  
A new man - a new woman - the world

The past melts away like a wave in the sand  
In the light of the heart  
Fear of experienced pain loses stand  
In the hope for a new start

Hope is arising  
On earth, in you and me....

A new man - a new woman - the child  
A new man - a new woman - the world

The hopeful vision for the dawn of a new day  
Creates an overflow joy in my heart  
Quiet and Peaceful thinking guides our senses  
On the way. To flow free in our love

Love is arising  
On earth, in you and me.....

A new man - a new woman -the child  
A new man - a new woman -the world

### 4. Forgiveness (4.37)

For (the) peace on earth (we seek)  
Is all we need - forgiveness

In this short little, little piece of time,  
I felt so much pain, in the heart again - in my heart again  
War in the world, let grow the pain, where the trust in Love has gone

Put this spell away - put this spell away  
This old black magic spell mystifies the heart and  
Causes deeds in fear - causes deeds in fear  
I forgive you - I forgive myself

Peace on earth, is our search  
For the live, in you and me  
Take care, now I dare.  
Yes be sure, we need cure  
Forgiveness - forgive you and me

Dancing people and singing children,  
Happy growing humanity  
On this earth again - on this earth again  
You and me, woman and man, joined in fulfilling love  
Free forever - forever free  
The new paradise of Love on earth  
Depends on you and me  
Just stop to fight - yes stop the fight

Forgiveness, forgive you and me  
Peace on earth, .....

Like playing children on the natural ground  
Free the feeling free the mind  
It's time for peace - yes, it's the time for peace  
I'm singing to praise God and Goddess  
For their dream of Love  
Make us hole again - make us hole again  
Forgiveness we need, please understand  
What I mean is no rule  
Forget your rules - yes forget your rules

Forgiveness - forgive you and me  
Peace on earth, is our search...

## 5. Rules and conditions (2.40)

I was born not at home in the springtime  
This days it rained and was cold outside  
My mum was happy but not forever  
I deeply felt the pressure of

## Sorrow and fear

The way I went was full of a dream for  
A better world for her and for me  
Loss of memory causes isolation  
    The demon that I fought is a part  
    Of the self that I fear

I'm responsible for all my own life  
Rules and conditions I keep myself  
Freedom is peace in my own heart  
    Free will means I decide  
    If I Love or if I fear

Some people know exactly about the power  
Control information, for the child they don't care  
I remember the sacred power  
    Courageous now, ignore the fear  
    Wandering my own way

I'm responsible for all my own life .....

## 6. Pull out the nails now (3.55)

Pull out the nails now  
Pull out the nails now – let the wounds be healed

Pull out the nails now – let the wounds be healed  
Now let the life – let your love flow free

Pull out the nails now – Spread your love and let grow the grain  
Spread your arms and let flow your love  
Put it up high – put it up high  
Let it shine – let it shine your light  
Keep on moving – keep on singing  
To the living hymn again  
Playing, dancing, growing, blooming  
As I am, the one I am

Pull out the nails now – spread your love and burn the pain  
The All-One God is the frame  
Come on now, make me understanding  
What "I am" means and how far your glance reach

Aum, let it shine my heart

Put it up high – put it up high  
Let it shine – let it shine your light  
Keep on moving – keep on singing  
To the living hymn again  
Playing, dancing, growing, blooming  
In Love for freedom an inner peace  
Aum let it shine my heart  
Yes please, hear my call  
Reveal heaven for heard and eye – on earth and sky  
Aum let it shine my heart  
Reveal heaven on earth and sky

## 7. Dream World (Children of the light) (4.16)

Where have I reached?  
I feel lost in the space  
I turn around myself  
My Eye finds no point  
To hold the move for a while  
Just the centre of the heart is quit  
I ask myself  
What am I here for?  
What shall I do?  
The answer I found  
Is the peace in the heart  
That told me do what you want to do

You are a child of the light  
And you're living in a dream world  
What you dream and you think of  
Always comes true

My mind said no  
That can't be  
Just look around  
If this is true  
All the pain in my body and soul  
Is self-made to learn how I am  
(I'm the king that rules the world)  
With the light in the heart  
The power of thoughts

Creates the world  
I decide whom I serve  
Life or death, fear or joy  
You always harvest what you saw

We are the children of the light  
Living in a dream world  
What we dream and think of  
Always comes true

## 8. Keep on moving (4.23)

Keep on moving, through the night that comes  
Keep on moving, in the flow of Love  
Keep on moving, body, spirit and soul  
Keep on moving yeah, greet the day that comes

Only love keeps me moving  
Only love keeps me alive

This is the live, that moves my soul  
The own dream is, what we spread around  
Feel, what I say is true  
Movement is the flow of Love

Only fear makes you dieing  
And only love makes you free

Keep on moving, greet the day that comes  
Keep on moving, in the flow of Love  
Keep on moving, feel that joy of live  
Keep on moving yeah, body, spirit and soul

Only love keeps us moving  
Only love keeps you alive

Keep on moving.....

## 9. Out of the matrix (Rainbowman) (4.00)

I lived my live in a mind created world  
Programmed to be a good sheep in the dependent herd  
Fear produced wishes to maintain economy

Inside I feel the one comes  
to make an end to slavery  
This light guides me gentle the narrow way to master all my fear  
Good old fried death finally gets me, fully sincere

Stolen time through poisoned words holds sleeping the soul  
Growing, mowing, joyful live without fear is the goal  
Doubtful steps towards an hopeless future from a painful past  
But here and now is the spring of live and peace that lasts  
In the Christ and Allah mood the energy flows for free  
I am a rainbow man alive, just here to be

The goal for me is to be alive the rainbow man I am.....

## 10. En Fisch isch en Fisch (2.01)

es isch wies isch, , es isch wies isch  
Es isch wies isch, en Fisch isch en Fisch  
Chasch mache was d'wötsch, es isch wies isch  
Chasch mache was d'wötsch, en Fisch isch en Fisch

Es isch wies isch, chasch mache was d'wötsch  
Es halbvolles Glas uf em Tisch isch en Witz  
En Witz, en Witz, chasch mache was d'wötsch  
Es halbvolles Glas uf em Tisch isch en Witz
